District Information

Creation documents (special acts, ordinances, etc.)	Attached		
Brief history of the district (how it was formed, expansions, etc.) Please explain any unique features (environment, size etc) or issues (sudden decrease in property value, increase demand for service etc.) to your district that would be relevant to the review	Attached or Below		
<i>Area</i>			
Note: It is understood that some of the districts cover a diverse area. It is also understood that standards of coverage may be different in some areas within the district due to population density. When answering the questions below and throughout this document, please consider the following definition of urban, suburban, and rural.			
Commission on Fire Accreditation (CFAI)			
Urban - Population totaling over 30,000 people and/or population density of over 2,000 people per square mile. Suburban - Population of 10,000 to 29,999 people and/or population density of over 1,000 to 2,000 people per square mile. Rural - Population of less than 10,000 people and/or population density of less than 1,000 people per square mile.			
Size of the district	Urban	Suburban	Rural Area
_____ Total sq. miles	_____ Sq. Miles	_____ Sq. Miles	_____ Sq. Miles
Electronic copy of the district map	See Attached		

District Statistics
